RE: RFP#06RFP49316K-JD
Professional Services for Airport Consulting and Engineering Services

Dear Proposers:

Attached is one (1) copy of Addendum 5, hereby made a part of the above referenced Request for Proposal (RFP).

Except as provided herein, all terms and conditions in the RFP referenced above remain unchanged and in full force and effect.

Sincerely,

Joyce Daniel

Joyce Daniel
Assistant Purchasing Agent

This Addendum forms a part of the contract documents and modifies the original RFP documents as noted below:

Question: Please send file of Master Plan for Brown Airport.

Answer: A copy of the Master Plan will be provided to the selected vendor.

Question: After review of the RFP, it appears the Quality Assurance-Work Plan is where you have requested the project approach. Is this the correct section to present the technical approach in addition to the Quality Assurance-Work Plan?

Answer: Yes

Question: If the technical approach is to be included in the Quality Assurance-Work Plan section, will the 2-page maximum page limit be increased?

Answer: Increase to 3 pages maximum.

Question: At the pre-proposal meeting Mr. Avery discussed the required EBO forms and Mr. Barrett discussed the airport technical work and referred to the airport's CIP as contained on pages 9-1 and 9-2. He also noted that the timing and amount of FAA funding may vary considerably from that shown. Section 1.1 of the RFP indicates that "Task Orders will be awarded separately on a project-by-project basis....." Article 3 of the sample contract essentially states the same thing as does Article 4. There does not appear to be a specific project listed as ready to begin with the award of the contract and, therefore, no estimate of the amount or type of initial work. The list of projects in the CIP would also appear to potentially require differing professional knowledge / skill sets for the different projects. As an example, a project to

prepare an environmental report could involve different firms and skills in a team versus a project for engineering design of a water line. Without more specific definition of projects and fees it is very difficult to be accurate in determining the specific firms participating in any particular task order and dollar amounts for the firms. It would be helpful to have additional instructions on how to fill out the EBO forms.

Answer: For clarification on completing the EBO forms and additional instructions contact Mario Avery, Contract Compliance Officer at 404-730-6307.

ACKNOWLEDGEMENT OF ADDENDUM NO. 5

The undersigned proposer acknowledges receipt of this addendum by returning one (1) copy of this form with the proposal package to the Purchasing Department, Fulton County Public Safety Building, 130 Peachtree Street, Suite 1168, Atlanta, Georgia 30335 by the RFP due date and time **Monday, April 17, 2006 no later than 11:00 A.M.**

This is to acknowledge receipt of Addendum No. 5, _____ day of _____, 2006.
